Come Learn from the Experts About Medicare and Medicaid Payment Rules for Ambulance Transportation

What professionals and beneficiaries need to know:

- What is the definition of “medical necessity” for ambulance transportation?
- Isn’t ambulance transportation always covered by Medicare?
- What is the “only safe way” to transport/transfer patients to the nearest appropriate medical facility for EMERGENCY care?
- What are the rules for ambulance transportation from one facility to another?
- What is an Advance Beneficiary Notice (ABN)? Why is it important?
- Medicare now requires prior approval for transportation of End Stage Renal Disease (ESRD) patients to and from dialysis treatments. What does this mean?
